REPORT OF SCHOOL BOARD

To the Citizens of Newton:

The School Board respectfully invites your attention to the following report.

The pupils of the Junction school have been well taught by Miss Alma Nichols. This is a large school of six grades and not an easy one to handle.

The school at Rowe's Corner has shown a marked improvement under Miss Tuttle's teaching, but the regular school work has been broken into by epidemics of chicken-pox and tonsilitis.

Miss Davis is doing good work at the Center primary school where her training school methods have proved particularly successful with the younger pupils.

We have been fortunate in retaining Miss Dame for another year at the Grammar school.

Medical inspection has done much in Massachusetts to improve the health of the school children. Our school work has been seriously broken into year after year by epidemics of children's diseases and we urge that the State Medical Inspection act be adopted by our Town in order to improve our school conditions.

The State aid which we receive is conditional upon good average attendance at school. There have been a large number of cases of tardiness and absence during the past year and we request that parents co-operate with us a little better in securing high average attendance.

The furnace at the Center has required considerable repairing and still fails to heat the school rooms satisfactorily. We believe that it would be economy to purchase a new and larger furnace.

As we have church bells in all three villages, we are trying to arrange a No-School signal which will be announced to the children at an early date.

We hereby notify the Selectmen that they may assess the following:

High school tuition.....	\$400 00
Text books and supplies	150 00
Flags and appurtenances	7 00

Respectfully submitted,

CATHERINE A. J. NICHOLS,
MABEL A. BARTLETT,
O. E. HUSE,

School Board of Newton.

February 14, 1914.
